WP1 Establishing the working group and corresponding network

Continued

Prof Stevan Jasnic, Plant Protection Department, **Institute for Field and Vegetable Crops**, Novi Sad, Serbia

These persons are key persons for contacts with farmers and leaders of working groups preparing questionnaires, educational meetings and contacts with farmers and other institutions transferring knowledge to them

2) Identification of agroeconomical regions in Serbia where we will be linked with farmers

We identify three regions (Subotica, Zrenjanin and Arilje having intensive high crop and fruit production). Additional regions satisfying these conditions will be added)
